Title：	Notes on the Validation Process of the Categories and Scope of Outstanding Overseas Scientific and Technological Personnel Ch
Date：	2005.10.26
Legislative：	1.Announced on October 26, 2005 2.Amended on March 15, 2006 3.Amended on July 29, 2022
Content：	1. These Notes are prescribed in accordance with Article 2 of the Regulations for Studying in Taiwan for Children of Outstanding Overseas Scientific and Technological Personnel (“the Regulations” hereinafter). 2. Eligibility of the “outstanding overseas scientific and technological personnel” (“the high-tech talent” hereinafter) referred to in Article 2 of the Regulations shall be validated according to the following mechanisms: (1) Mechanism 1: Verify that the applicant is recruited to Taiwan pursuant to the relevant provisions of central government agencies or Academia Sinica. (2) Mechanism 2: Verify that the applicant’s qualifications comply with the relevant provisions in the preceding subparagraph. (3) Mechanism 3: Preliminary review – The central competent authority in charge of the industry shall form a review panel to determine whether the applicant is an “outstanding” high-tech talent. The review result, together with the result of his/her children’s application for studying in Taiwan, shall be sent to the K-12 Education Administration. (4) Mechanism 4: Secondary review – The Administration shall invite National Science and Technology Council (NSTC) and related agencies to form secondary review panel, for reviewing the applications of the high-tech talent’s children for studying in Taiwan submitted by various central competent authorities in charge of the industries. 3. The relevant provisions mentioned in Subparagraph 1 of the preceding Article are: (1) Global Innovation Partnership Initiatives Program of the Ministry of Economic Affairs (MOEA) (2) Leading Enterprise R&D Deepening Program of the MOEA (3) Operating Guidelines for NSTC Subsidies for the Recruitment of Visiting Sci-Tech Personnel (4) Guidelines for NSTC Subsidies for Recruitment of Research Scholars and Implementation of Research Projects (5) Directions for the Recruitment of Sci-Tech Professionals by the Agricultural Research Institute, Ministry of Agriculture (6) Subparagraph 1, Paragraph 1, Article 46 of the Employment Service Act (7) Relevant provisions laid down by other ministries/councils or Academia Sinica pertaining to the recruitment of high-tech talents. Subparagraph 6 of the preceding paragraph is applicable only to technology work categories as recognized by the central competent authorities in charge of the industries.
