Insurance, both of which shall be verified by the municipal or county
(city) competent
authority.

Regarding Subparagraph 3 of Paragraph 1, professional training,
qualifications,
courses, number of hours, costs, and other relevant matters shall be
stipulated by the
central competent authority.

Article 7

The principal of a public preschool shall be a current teacher or contract
educare giver of said preschool.

The municipal or county (city) competent authority, or municipal mountain
indigenous district offices, shall appoint principals of public preschools
in accordance with the following regulations, notwithstanding the relevant
provisions restricting the recruitment, employment, and terms of
employment of principals in the preceding Paragraph and Paragraph 4 of
Article 20:

1. Principals of public preschools whose qualifications were converted in
accordance

with Subparagraph 1, Paragraph 2 of the preceding Article, shall
continue their

appointment at the original institution in accordance with the Civil
Service

Employment Act.

2. Personnel who continue their appointment at the original institution in
accordance with

the Civil Service Employment Act and fulfill the qualifications for
preschool principal stipulated in Paragraph 1 of the preceding Article,
may be promoted and appointed as preschool director in accordance
with organization regulations prior to system reform
and appointed principal at the original institution.

The board of directors of private preschools shall select and employ
qualified principals. The responsible person shall select a qualified
principal if the preschool does not establish a board of directors. The
principal shall submit for approval from the municipal or county (city)
competent authority.

Article 8

The central competent authority shall suitably establish teacher training in accordance with the demand for preschool teachers.

Preschool teacher qualifications shall be acquired through pre-service training and in-service training.

The requirements for preschool teacher qualifications shall be in accordance with the Teacher Education Law, unless otherwise specified in the Act. Prior to the amendment of the Teacher Education Law and relevant regulations regarding preschool teacher qualifications, the regulations regarding the qualification of kindergarten teachers shall apply.

In addition to the provisions of the preceding Paragraph, personnel who have obtained the qualifications of kindergarten teachers prior to December 31, 2011 and have continued to serve since January 1, 2012 shall convert their position/job title to preschool teacher and acquire preschool teacher qualifications.

Domestic universities which have established departments related to early childhood education and care, and have been approved by the central competent authority in accordance with Paragraph 3 of Article 10, may apply for recognition for teacher education departments for the training of preschool teachers in accordance with the Teacher Education Act and relevant regulations.

Individuals may take the Preschool Teacher Qualification Assessment once they have completed professional educare courses in departments, graduate programs, degree programs, divisions, minor programs, or non-degree programs specializing in early childhood education and care offered by junior college or above approved by the central competent authority in accordance with Paragraph 3 of Article 10 (hereinafter referred to as educare related departments and programs), and have completed professional educare courses and received certification in preschool pre-service teacher education programs and taken professional courses of education at professional teacher training programs in colleges and universities as determined by the Teacher Education Act.

The requirements for degrees and programs in preschool teacher training, content of preschool pre-service teacher education programs, and teacher qualification assessment methods shall fit the needs of professional preschool educare services.

Article 9

The central competent authority shall coordinate professional teacher training programs in colleges and universities as determined by the Teacher Education Act, in order to hold preschool pre-service teacher education programs. These programs provide training opportunities for current preschool principals and educare givers with more than three years of practical experience and allow them to take the Preschool Teacher Qualification Assessment.

Individuals who complete with passing grades the preschool pre-service teacher education programs described in the preceding Paragraph shall receive certification of completion of said program from the professional teacher training programs in colleges and universities as determined by the Teacher Education Act. Those with university diplomas, passed the Teacher Qualification Assessment, and completed their educational internship with passing grades shall receive a Teacher Certificate from the central competent authority. Principals and educare givers who have served at a preschool (including child care centers and kindergartens) for at least three years of the past seven years, exhibit excellent performance, and have passed their teaching demonstration shall be exempt from educational internship.

Individuals who have completed preschool pre-service teacher education programs in accordance with the Teacher Education Act prior to the implementation of the Act, and continue to serve after the implementation of the Act, shall be exempt from educational internship as set out in the preceding Paragraph.

Regarding Paragraph 1 and Paragraph 2, required courses, admissions, exemption from educational internship, and other relevant matters shall be stipulated by the central competent authority.

Article 10
