The "restrictions on the period spent undertaking a program" in Article 4, Subparagraph 2 refers to the period that the applicant spent undertaking a program at a foreign educational institution and the following provisions apply:

If a period that the applicant spent in that foreign locality is not consistent with the regular length of a program at that educational institution or the program schedule indicated on its administrative calendar, that period will not be counted.

If an applicant had an outstanding performance during their study for a bachelor' s degree, the educational institution to which they are applying may make a discretionary reduction to the required period spent undertaking their bachelor' s degree program, taking into due consideration the regulations governing the length of programs at institutions of higher education in that particular foreign country, and the specific circumstances.

If the period that the applicant spent undertaking their program is at least two-thirds of the requirement stipulated in Paragraph 1 or in Paragraph 5, the institution of higher education may assess their foreign academic credential for recognition, after first making an overall determination of whether the applicant's educational level is equivalent to that required for admission to an institution of higher education, taking into account the education system in the country where the applicant obtained their foreign credential, the administrative calendar of the educational institution during the period the applicant was undertaking the program, the applicant's cross-border entry and exit record, and the length of programs at a domestic educational institution of an equivalent academic level and nature.

If an applicant for admission to a university has been awarded a foreign academic credential that, in accordance with the regulations of the foreign university, required courses to be undertaken abroad (including in the Mainland Area, Hong Kong, and Macao, but not including Taiwan), the period that the applicant spent undertaking courses abroad may be included when calculating whether they satisfy the requirement stipulated in Paragraph 1 if the applicant has submitted documentary evidence from the foreign university and the domestic university has undertaken verification and given approval.
